February 2019(Dropped out)

SPEAKING

Nothing to see yet...

I've been writing, editing, and managing regular content since 2020 and technical content since 2022, focusing on correctness and simplicity. I am also interested in building products that solve real-world problems for users.

EXPERIENCE

Technical Writer & Editor — [THDC](#)

AUG 2023 - PRESENT | Remote, Lagos, Nigeria

I write and edit articles and documentation targeting all levels of developers about different topics with a focus on the Shopify ecosystem.

Technical Writer — [Convoy \(YC22\)](#)

MAY 2023 - SEP 2024 | Remote, United States

I write detailed, technically correct articles targeting beginners and intermediate developers about different topics about webhooks for the Convoy blog.

Technical Writer — [Codeless](#)

APR 2023 - AUG 2023 | Remote, United States

I write tutorials, guides, articles, and documentation on JavaScript, PHP, Nodejs, and Laravel for leading tech companies and blogs through Codeless.

Blockchain Technical Writer — [TransferXO](#)

JAN 2023 - APR 2023 | Lagos, Nigeria

I was responsible for creating detailed beginner courses on different aspects of Blockchain technologies for the TransferXO learning platform and blog.

Technical Writer — [ContentLab](#)

SEPTEMBER 2022 - PRESENT | Remote, United States

I write tutorials, guides, articles, and documentation on JavaScript, PHP, Nodejs, and Laravel for leading tech companies and blogs through ContentLab.

Technical Writer — [Honeybadger](#)

MAY 2022 - PRESENT | Remote, United States

I write detailed, technically correct articles targeting intermediate developers about different PHP, JavaScript, NodeJs, and Laravel topics for the HoneyBadger blog.

Software Developer Intern — [ZuriChat](#)

AUG 2021 - MAR 2022 | Lagos, Nigeria

I worked alongside fellow developers in various teams to develop plugins, leveraging our collective skills and knowledge. Furthermore, I independently configured a codebase to implement the single-spa approach, ensuring seamless integration.

VOLUNTEERING

Technical Writer — [FreeCodeCamp](#)

MAY 2023 - PRESENT | Remote, United States

I write technical articles to help people solve problems on FreeCodeCamp.

Technical Writing Facilitator — [Product Hub Africa](#)

SEP 2023 - NOV 2023 | Remote, Nigeria

I taught the Technical Writing Class in the recently concluded Product Hub Africa Bootcamp 2.0.
